To Whom It May Concern,

It is my pleasure to write this letter of recommendation for Kelly Rogers. Ms. Rogers is a not only a full-time student, but is also involved in a host of activities at the Cleveland campus.

The hallmark of Ms. Rogers's character is her creativity and willingness to learn. Ms. Rogers certainly has an eye for detail and an eagerness to learn new technologies to assist her in her current position and academic studies. Ms. Rogers' diligence as a student certainly overflows into other areas. While Ms. Rogers is a full-time student carrying a full academic load, she is also a student tutor at the Cleveland Campus assisting students in such subjects as Math Lab, Computer Information Science (CIS) Courses, Business, and Writing, just to name a few. Ms. Rogers is also the founder and president of the Cleveland Campus Chapter of the Association of Information Technology Professionals (AITP).

Kelly has exhibited noteworthy leadership skills by conducting AITP meetings and organizing fundraisers. Kelly is also the team lead in the first Senior Project Partnership Program for her CIS course.

Ms. Rogers is very diligent and timely with assignments, is a team player, and has great communication skills. Ms. Rogers is very inquisitive and continues to reinvent herself to adapt to the ever-changing field of information technology.

Ms. Rogers has my unqualified professional endorsement and she will be an asset to any organization. Please feel free to call at any time if I can be of further assistance. My contact information is listed below.

Sincerely,

LaToya Littles, MS
Assistant Professor

DeVry University and Keller Graduate School of Management Cleveland (Seven Hills)
