SUPPLEMENTARY UNDERGRADUATE TRANSCRIPT INFORMATION - UNITED STATES LOCATIONS

ACCREDITATION

DeVry University is accredited by The Higher Learning Commission and is a member of the North Central Association of Colleges and Schools, www.ncahlc.org. The University's Keller Graduate School of Management is included in this accreditation. *DeVry University operates as DeVry College of New York in New York State and as DeVry Institute of Technology in Calgary, Alberta.*

In addition, a number of programs at various locations are accredited by specialized accreditation agencies that review programs in specific subject areas, such as engineering technology, project management or health information technology. The most recent information on programmatic accreditation is available from each location and at www.devry.edu.

GRADING SYSTEM

Grades	Percentage Equivalent	Quality Points
A	90-100	4.00
B	80-89	3.00
C†	70-79	2.00
D†	60-69	1.00
F	Below 60†	0

Designator	Definition
AU	Audit
I	Incomplete
IP	In Progress
S	Satisfactory (equivalent to a grade of C or better)
U	Unsatisfactory
W	Withdrawal

Additionally, designators beginning with the letter T represent transfer credit. The TNC designator indicates that no credit was given. Designators beginning with the letter P represent proficiency credit. These include PR and PRX.

Note: Some former Ontario students may have received a grade of "R" which is considered a Supplemental Pass and treated as equivalent to a grade of D.

† C and D grades are not assigned in certain ESL, skills development or early term courses. In these courses a grade of F is assigned for work below 80 percent. A grade of D is not assigned in certain other such courses, where a grade of F is assigned for work below 70 percent. Course descriptions denote such grading configurations.

An asterisk (*) following the grade indicates that this type of course is not included in GPA calculations; these courses include skills development and ESL courses.

The R column indicates if the course has been repeated and will include either a capital E for those courses that have been excluded from the CGPA or a capital I for those courses that have been included in the CGPA. A designator of W indicates the student withdrew from the course within the approved time period. Withdrawal after the approved time period may result in an assigned grade of F or designator of U, as appropriate. An "Incomplete" is converted to a final grade of F or designator of U, as appropriate, if the requirements of the course are not satisfied by the student within the approved time period. Courses for which no grade was entered by the professor do not show a grade. Missing grades and incompletes must be resolved prior to graduation.

TRANSFER AND PROFICIENCY CREDIT

In general, external transfer credit may be awarded for equivalent coursework completed with a grade of C or better at another accredited institution. Proficiency credit may be awarded as the result of testing or other academic evaluation of a student's mastery of the course material. Transfer and proficiency credit may satisfy graduation requirements and be included in attempted and earned credit hours but are not included in grade point averages. Transfer and proficiency credit listed does not imply that all credit hours count toward the student's program of study.

ACADEMIC HONORS

Honor	GPA Requirement
Summa cum laude	3.90-4.00
Magna cum laude	3.70-3.89
Cum laude	3.50-3.69

A graduate from an associate degree program who has a CGPA of at least 3.50 graduates "with Honors."

Rev. June 2012 00-612085

COURSE NUMBERING SYSTEM

Course Number	Explanation
001-099	Indicates a skills development course; such courses may also be numbered at the 100-level
100-299	Usually lower-division coursework
300-499	Usually upper-division coursework

CALENDAR AND CREDIT UNITS

DeVry offers courses in six 8-week sessions each year. All credit hours are semester-credit hours. Final grades are posted at the end of each session. Academic honors and academic standing are calculated at the completion of the student's semester only. Academic standing is not noted on this transcript.

ACADEMIC STATISTICS

The grade point average (GPA) is computed by dividing the quality points earned by the number of GPA Credit Hours for which a final grade has been recorded (excludes designators) for all DeVry courses attempted. Additional statistics include attempted credit hours and earned credit hours (Ehrs). All coursework attempted at DeVry appears on the transcript. In general, for courses attempted more than once, the best grade is included in the Cumulative GPA. At the point of award conferral, a CGPA and program GPA will be displayed on the transcript. Non-degree-seeking students may enroll in selected courses without being admitted to a specific program.

OTHER INFORMATION

Records Converted from DeVry's Previous Student Information System:

GPA Changes: DeVry changed student information systems in July 2012. For students who attended prior to July 2012, the CGPA was based solely on the courses applicable toward graduation in the current program of study. Beginning July 2012, the CGPA for continuing students was recalculated and is the overall GPA including all courses the student attempted at DeVry as an undergraduate student. Transcripts for students who graduated prior to July 2012 and have not returned to DeVry include an unconverted CGPA. Transcripts for students who graduated prior to July 2012 and have returned for additional study include the unconverted conferral CGPA as determined at the time of the conferral and a current CGPA that includes all coursework the student has attempted at DeVry as an undergraduate student. A grandfather provision allows certain continuing students to retain the CGPA calculated under the previous policy if the recalculated CGPA results in the student not meeting minimum requirements for graduation. This grandfather provision is in effect beginning with the July 2012 session until the end of the January 2013 session only. Additionally, academic honors for all students graduating from July 2012 through the end of the January 2013 session are based upon the higher GPA (program or cumulative).

Coursework attempted prior to summer 1980 is displayed on a separate manually-generated transcript.

Course Designator Changes: In July 2012, several course designators were changed; the course designators that appear on the transcript reflect the course designators in effect at the time the student took the course.

Disciplinary Matters: Authorized inquiries regarding disciplinary matters may be directed to the Dean of Students' office at the location listed on the face of this transcript.
